## Part A: Pupil premium strategy plan

### Statement of intent

*Our aim is to use our pupil premium allocation to help us to continue to ensure that there is no academic or social gap between our non-pupil premium and pupil premium learners, ensuring that ALL students within Crosshill School are provided with the same experiences and opportunities regardless of background or external factors. We as a school work extremely hard to ensure that our school meets the needs of the children, their families and the local community that we serve. To do this effectively we are required to ensure that we offer services that go above and beyond just meeting our educational expectations.*

*We as a school currently have no academic progress gaps between PP and non-PP, this is due to our PP strategy being at the heart of our high-quality curriculum, teaching, staffing and resourcing across the school year on year.*

*Although our strategy is focussed on meeting the needs of our disadvantaged learners, it will benefit all pupils within the school where funding is spent on whole-school approaches, such as high-quality teaching and support services.*

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<i>Our attendance data shows that PP learners have overall lower rates of attendance or persistent absences than non-PP learners.</i>
2	<i>Our assessments, observations and discussions demonstrate a higher level of social, emotional, and economically wellbeing need, learners often demonstrate a lack of age-appropriate life skills as well as having their basic needs met at home.</i>
3	<i>Our observations and discussions show that PP learners are provided with less enrichment opportunities than our non-PP learners in terms of experiences that stretch beyond the school day.</i>
4	<i>Our data around attendance to school events demonstrates that parental engagement of PP learner's families within academic and non-academic opportunities that school offer is much lower than that of non-PP learners' families.</i>
5	<i>Observations and discussions demonstrate that the physical health and mental health of our PP learners and their families is causing concern on the impact of progress and engagement in learning with some of our PP learners.</i>

6	<i>Our assessments and observations demonstrate a lack of funded access to Therapy services and sensory based provisions via EHCPs for some students eligible for PP, thus preventing them from engaging in learning effectively and making as much progress as they are capable of.</i>

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
That all students eligible for PP make expected or exceptional progress across all subjects within the curriculum offer they study.	All PP students will make expected or exceptional progress across all subjects within the curriculum offer they study.
Increased attendance rates for students eligible for PP and a reduction in persistent absentees of PP learners.	Overall attendance among students eligible for PP improves to 95% in line with non-PP students.
PP students are provided with targeted support for their social and emotional well-being needs and are fully supported to develop life skills within and out of the curriculum offer.	Students fully engage with the support they are offered and progress data and quality assurance shows an increase in social and emotional wellbeing.
Increased enrichment opportunities before, during and after school to provide students with increased experiences, opportunities and provide them with higher aspirations.	PP students will be provided with a greater wealth of enrichment opportunities to support higher aspirations and provide awareness of the community and surrounding areas around them. This will be planned for and built into the their Crosshill School journey.
That the physical and mental health of our PP learners and their families improves and their basic personal wellbeing needs are met, where they require external or specialist support, they are supported to gain this by school.	PP learners and their families will be provided with expertise services to support their physical and mental health needs via specialist in-house services, promotion of external services and providing a one-stop shop approach towards specialist help available within our school and local communities.
That PP Learners parents and carers are fully involved within school life and take up all opportunities to engage with the whole school community.	The attendance of PP Learners parents and carers to events increases, they will attend all parent evenings and respond to progress reports as well as non-academic family and social events we host throughout the year.
PP Students have access to therapy provisions and sensory interventions which are not funded via their EHCP's but are required	Students are provided with all the platforms and tools they require to access learning and to remove any barriers they may face.

for them to make academic and non-academic progress.

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

#### End of Year 2020 – 2021 - Progress Highlights relating to Pupil Premium

- Pupil premium learners - 93% expected or above in English (2 below) 93% expected or above in Maths (2 below)

#### Whole School Year on Year Comparison in the progress of both English and Maths:

Below is a year-on-year comparison of students who made expected or above progress in both English and Maths:

Academic Year	TOTAL		KS3		KS4		KS5		Boys		Girls		PP		NPP	
	Count	%	Count	%	Count	%	Count	%	Count	%	Count	%	Count	%	Count	%
End of Year 2020 – 2021	70	96%	40	95%	19	95%	11	100%	38	97%	32	94%	37	95%	33	97%
End of Year 2019 – 2020	51	81%	24	73%	27	90%			30	83%	21	78%	20	80%	31	82%
